

## JAPAN WILL OPPOSE EFFORTS TO BREAK 1915 CHINESE PACT

[Republican A. P. Leased Wire]  
WASHINGTON, Nov. 23.—Any attempt at the Washington conference to attack the validity of Japan's 1915 treaty with China, often called the 21 demands, would be opposed by Japan. It was said today that Japan would not oppose an examination of the treaty which would be based on delegations that the agreement is in conflict with the principle of the open door or equal opportunity in China. In other words, it was intimated Japan would be ready to discuss any charge that the equal rights of other nations were being interfered with under the 1915 agreement.

It is admitted some inquiry may be caused by interpretations of the national of other powers of the clause under which Japan capitalists may have the first right to make loans to China for the building of necessary railroads in South Manchuria and Eastern Inner Mongolia.

It said Japan will be fully ready to present her case on this point as well as upon the additional clause in the notes attached to the treaty that the Chinese government when asking for a loan on the security of the taxes in these provinces (excluding salt and customs revenue) are to negotiate it with Japanese capitalists.

Still another provision in the general accord of 1915 declares that if foreign advisers or instructors on political, military or police matters are to be employed in South Manchuria, Japan, "may be employed first."

Apparently Japanese deem the most vital clause of the treaty that under the lease of the south Manchuria railway, the Chinese Mukden railway shall be extended 90 years and the lease of Port Arthur and Dairen (Dairen), a similar period. The Kwantung leased territory in which these concessions are included was one of the fruits of the war with Russia, and Japanese spokesmen insist Japan will never consent to any change or abrogation in the lease of this territory, which they are inclined to regard as practically perpetual.

Effort To Settle  
Far East Question  
(Continued From Page 1)

Sanador to Great Britain and a delegate, presented China's proposal for restoration of her tariff autonomy by three stages.

He asked that from Jan. 1, China be permitted to levy a maximum duty of 15% per cent which he said had been stipulated in treaties with the United States, Great Britain and Japan and to give immediate relief.

Recognizing that it appeared hard-

by possible to establish a new customs regime at once, Dr. Koo said China should impose a maximum rate with full freedom, within that maximum including the right to differentiation among the different classes of commodities. Finally, full autonomy, he said, should be restored to Japan after a certain period to be agreed upon.

Export Sales At  
Gulf Send Wheat  
Prices Up Again  
[Republican A. P. Leased Wire]  
CHICAGO, Nov. 23.—Export sales at the Gulf of Mexico together with unexpected higher prices at Liverpool and Buenos Aires had a bullish effect today on wheat here. The close, although unsettled, was at 1 to 2 1/2 cents advance, with December \$1.10 1/2 to \$1.10 3/4, and May \$1.13 1/4 to \$1.13 1/2. Corn gained 1/4 to 1/2 cent, oats 1/4 to 1/2 cent and provisions 1/4 to 1/2 cent.

Bullish sentiment as to wheat predominated. With foreign prices going upward, the question of whether the wheat going to the country would be at the expense of domestic requirements received fresh notice, especially as domestic arrivals remained small. Meanwhile London reports told of activity in buying by Japanese and of unfavorable crop conditions in Argentina. In addition, the news that the Gulf wheat was hard winter wheat at the Gulf of Mexico had been bought for shipment to Europe. Export sales of 400,000 bushels at the Gulf were confirmed. In this connection, it was said, persistent drought in the south-west had apparently exercised a stimulative influence on demand. The only setbacks which occurred in values proved transient, but the December delivery eased somewhat as compared with May, elevator prices also advanced. The purchase of considerable hard wheat to be brought here from outside terminals.

Corn and oats rose with wheat. For the first time in weeks, December corn commanded 50 cents or more a bushel.

Provisions were given a lift by strength in hog values as well as in grain.

Farmers Troubles  
Economical, Not  
Political, Says  
[Republican A. P. Leased Wire]  
ATLANTA, Ga., Nov. 23.—Farmers' troubles throughout the United States are economical and not political and until the time comes when the farm is conducted on purely business lines their troubles will continue, Secretary Wallace told delegates to the convention of the American Farm Bureau Federation today. He said he believed the great work the department of agriculture should do now to help the farmer was along economic lines.

He said that the department should help the farmer follow his crop until it reaches the consumer, and the farmer should study all angles of the agricultural business.

He said he considered the present agricultural depression the worst in history.

"This condition has been realized by congress," he said, "and during the last eight months it has passed more legislation to help farmers than any other congress in the same length of time."

He declared the slowness of banks to realize that the war finance corporation wanted to lend its money where it would do the most good hindered its work. He said that the corporation was making loans at the rate of one to two millions a day.

## STRIKE SITUATION IN COLORADO FIELD IMPROVES, REPORT

[Republican A. P. Leased Wire]  
WALSHEBURG, Colo., Nov. 23.—Continued improvement in the strike situation was reported today to Col. Patrick J. Hamrock, adjutant general, by company officials and rangers at several properties of the Colorado Fuel and Iron company affected by the strike of miners against a reduction of wages according to an announcement by Colonel Hamrock. On the other hand, union officials said that the situation was satisfactory from their standpoint.

Colonel Hamrock, in charge of the enforcement of martial law under Governor Shoup's proclamation, visited the Lester, Tobacco, Berwind, Morley, Sopris and Frederick mines today that the situation was satisfactory from the standpoint of the company properties.

International Mine Workers' Union Organizer Cochran said at Trinidad today that the situation was satisfactory and that the miners have only begun their strike. When asked if that meant a spread of the strike to other mines in the district he said any announcement would have to come from Mike Livoda, secretary of the district union.

Miners' organizers have been barred from conducting meetings of the miners in C. F. & I. camps by orders of the military officials. Cochran said, Mine superintendents have also been instructed by company officials to keep them off of company property, he declared.

Robert Foster, international organizer stationed here under the proclamation of Colonel Hamrock closed the number of weapons turned in was comparatively small. After midnight today arms will be confiscated after a search of residences in the district, according to plans made by the military.

No more arrests were made today in connection with the shooting at fair at Oakville, for which four men are held. Colonel Hamrock said he would turn the case over to the civil authorities, together with evidence collected at hearings this week.

## TROOP WITHDRAWAL STARTED

[Republican A. P. Leased Wire]  
COBLENZ, Nov. 23.—Four hundred American soldiers will leave the Rheinland Friday and embark Saturday at Antwerp for New York. Five hundred additional men will leave within eight days and 1,000 during December.

## TEMPE, GLENDALE SCHOOL BONDS SOLD

Glen Dale high school bonds amounting to \$75,000 and Tempe high school bonds amounting to \$50,000 were sold yesterday by the board of supervisors to the Bankers Trust company of Denver at a private sale. The contract was drawn up and signed and the bonds will be engraved and signed by the board as soon as possible.

The bonds were voted by the two school districts early in 1920 and were later advertised for sale. Several bids were received but all were rejected by the board and the bonds held. The contract of sale to the purchasers call for the Tempe bonds to be dated September 15, 1920, and the Glendale bonds to be dated September 15, 1920. Both issues are to bear 5 per cent interest. The proceeds will be used by the trustees of the two districts in adding improvements to their buildings.

## RETURN 80 PER CENT OF GUARANTY FUND

Attending the success of the Industrial Exposition held in Phoenix November 7 to 12 a refund of more than one-half of the amount of the subscriptions of those who signed the guarantee fund of the exposition has been made, according to a report of Celso M. Stoddard, chairman of the general committee.

The total amount of the guarantee fund was \$7,565 and checks for 59% per cent of their subscriptions were mailed to the guarantors. It was stated by the chairman that had the full amount of the proposed \$12,500 guarantee fund been raised, there would have been a refund of at least 75 per cent.

All those who aided in making Industrial Week such a success are congratulated by the chairman who acknowledged their progressive spirit.

## GARDNER PLEADS NOT GUILTY ON INSANITY CLAIM

Asks Court To Determine  
If He Is Mentally Sound  
In Pleading To Two  
Charges In U. S. Court

Roy G. Gardner, mail bandit, who for two years has been either in the clutches of the law or busily engaged in keeping away from them, and who is now in the Maricopa county jail after having been captured by Hermandier, pleaded not guilty after Davis had been permitted by the judge to file a demurrer against the indictment.

The grand jury entered the room within a few minutes. The roll was called again and then Attorney Davis then announced that he was filing a written plea, after which Flynn read the second indictment. Gardner again pleaded not guilty after Davis had been permitted by the judge to file a demurrer against the indictment.

Flynn then announced that he was ready for trial, but Davis asked for a week or 10 days in which to prepare his case, giving as a reason the fact that his client was insane and his defense attorneys were outside the federal district and must be brought here. Judge Sawtelle set Dec. 5 as the date of the trial and the case was continued. Davis then said that he desired to try both cases at the one time before the same jury.

Attorney Davis demurred to this on the grounds that the second charge against Gardner was of a different nature from the first; its defense was different, and the issues involved were foreign to those in the first charge. He was then instructed by the court to make a formal show of cause against the second indictment. The court room was then cleared and Gardner was taken back to the county jail.

## THANKSGIVING TO BE OBSERVED IN CITY TODAY

Union Service At First M.  
E. Church At 10:30—  
Stores Close At Noon  
And Public Buildings  
The Entire Day

Thanksgiving Day, which for 300 years has been set aside by the people of America as an opportunity afforded them to consider the magnitude and number of the blessings which have been bestowed upon them during the preceding 12 months, will be observed in Phoenix today in church services and programs of sport and entertainment.

Across the attention of the major portion of the population of the city.

All the public buildings will be closed for the day. That the delivery service from the postoffice, and none of the windows there will be open. Practically all the business houses of the city will be closed also, and the usual Sunday aspect will be more than apparent, except for the two arenas and the football field where the day's sports carnival will be carried out.

The chief religious observance of the day will be held at the First Methodist church, where a union Thanksgiving Day service in which all the churches of the city will participate will begin at 10:30 o'clock this morning. There will be special music by the choir of the church, and a Thanksgiving Day address will be delivered by the Rev. Arthur Lee, pastor of the First Presbyterian church.

There will be a Thanksgiving Day mass at St. Mary's Catholic church at 8 o'clock this morning, and at 10:30 o'clock the services in Trinity cathedral will begin. The Rev. J. Rockwood Jenkins will preach the sermon, and the choir will render the anthem, "A Song of Thanksgiving," by Maunder. The First Church of Christ, Scientist, will hold its service at 11 o'clock in the Arizona School of Music, and at this hour the Zion Evangelical Lutheran church will also hold its service. The sermon here will be preached by the Rev. John C. Schmidt, state missionary for the Lutheran church in Arizona, and the choir will sing Simpson's Thanksgiving anthem, "What Shall I Render?"

Then the Turkey  
A large number of social affairs are scheduled for the day, which will be one of the most important in the winter's social calendar. The stock of turkeys in town last 24 hours, and all the other trimmings of the usual Thanksgiving Day dinner have been taken to the homes of Phoenixans in an unusually good manner that Phoenix and Maricopa county have not only their own blessings to be thankful for, but the things also with which to return thanks.

For those who desire the diversion of sports events, there will be plenty during the day. The greatest one will be the football game at the Indian School between the Indian school team and the team of the Phoenix Union High School, the football classic of the valley. There also will be two boxing events, one in the morning and one in the afternoon.

Nicaragua is almost exactly the size of New York state.

Divorce cases in England increased from 1267 in 1913 to 5763 in 1919.

## BELIEVE BODY OF MISSING MAN HAS BEEN FOUND

Charred Bones Discovered  
On Desert Believed To  
Be Those Of John J.  
Knight, Who Disappeared  
July 9

A skull and the charred bones of a man, believed to be John J. Knight, wealthy business man of Wichita Falls, Tex., who was last seen at Buckeye on July 9 of this year, have been found in an arroyo about 12 miles from Buckeye, two and a half miles up the Hassayampa river from the main road and three miles down the river from the point where the stalled automobile of Knight was discovered.

The find was made by two Phoenix young men, Albert Everdell and Tom Houck at the end of a systematic search of two weeks. Following the arroyo, they came to a place where the earth seemed to have been disturbed and after a further investigation discovered a skull protruding. The other bones were almost completely incinerated and all had been buried in a trench not more than a foot in depth.

The fire which had burned the bones was evidently fed by gasoline or some other highly inflammable oil poured over the body, as there were no ashes in the hole. A few pieces of charcoal was found in the trench indicating that a few pieces of wood had been placed in the hole and covered with dirt while still live coals. The vegetation near the hole was scorched and the grass, which was nearly a foot high, was burned away and withered by the flames.

There were no marks of identification in the hole and no bits of clothing, with the exception of a small fingered canvas glove partially burned. The skull was removed intact and much of the teeth were covered. Only a small bone was unburned by the flames. The rest of the bones were badly incinerated and parts of them crumbled when touched. Officers believe they have a piece of every bone in the body, with a complete vertebrae of the back. A small portion of the hair on the back of the head was found, and the eyebrows were intact.

Hair Resembles Knight's  
The discovery of the body was made on Tuesday by Houck and Everdell, who came to Phoenix at once and notified Under Sheriff C. H. Bowers, yesterday morning Sheriff Montgomery and Under Sheriff Bowers accompanied by the two boys, went to the place and began uncovering the body. The head was removed first, then the neck, the shoulders and so on to the feet. Coroner F. R. Mitten swore in a coroner's jury and will hold the inquest at a later date.

According to Sheriff Montgomery, the identification of the body can be made only by dentistry work done on the teeth and by comparing known X-ray bones sustained by Knight during his lifetime with the X-ray bones found. The hair found, the sheriff said, closely resembles the hair of Knight. The skull, he said, was finely shaped and the bones indicate the man was about Knight's build and height.

Sheriff Montgomery said he was of the opinion that the body had been burned in the place where the charred bones were found within the last 90 days because of the growth of grass about the place prior to the fire. At the time Knight disappeared in July there had been little rain to grow vegetation and since then there have been several floods, furnishing plenty of water. He stated he believed the body had been stripped of its clothing after the murder and wrapped in cloth and buried. Later it was dug up and burned in the arroyo.

In the top of the skull, the sheriff said, was a small round hole about the size of a half dollar, indicating that the fatal wound had been made by a small headed hammer. The

And Public Buildings  
The Entire Day

Thanksgiving Day, which for 300 years has been set aside by the people of America as an opportunity afforded them to consider the magnitude and number of the blessings which have been bestowed upon them during the preceding 12 months, will be observed in Phoenix today in church services and programs of sport and entertainment.

Across the attention of the major portion of the population of the city.

All the public buildings will be closed for the day. That the delivery service from the postoffice, and none of the windows there will be open. Practically all the business houses of the city will be closed also, and the usual Sunday aspect will be more than apparent, except for the two arenas and the football field where the day's sports carnival will be carried out.

The chief religious observance of the day will be held at the First Methodist church, where a union Thanksgiving Day service in which all the churches of the city will participate will begin at 10:30 o'clock this morning. There will be special music by the choir of the church, and a Thanksgiving Day address will be delivered by the Rev. Arthur Lee, pastor of the First Presbyterian church.

There will be a Thanksgiving Day mass at St. Mary's Catholic church at 8 o'clock this morning, and at 10:30 o'clock the services in Trinity cathedral will begin. The Rev. J. Rockwood Jenkins will preach the sermon, and the choir will render the anthem, "A Song of Thanksgiving," by Maunder. The First Church of Christ, Scientist, will hold its service at 11 o'clock in the Arizona School of Music, and at this hour the Zion Evangelical Lutheran church will also hold its service. The sermon here will be preached by the Rev. John C. Schmidt, state missionary for the Lutheran church in Arizona, and the choir will sing Simpson's Thanksgiving anthem, "What Shall I Render?"

Then the Turkey  
A large number of social affairs are scheduled for the day, which will be one of the most important in the winter's social calendar. The stock of turkeys in town last 24 hours, and all the other trimmings of the usual Thanksgiving Day dinner have been taken to the homes of Phoenixans in an unusually good manner that Phoenix and Maricopa county have not only their own blessings to be thankful for, but the things also with which to return thanks.

For those who desire the diversion of sports events, there will be plenty during the day. The greatest one will be the football game at the Indian School between the Indian school team and the team of the Phoenix Union High School, the football classic of the valley. There also will be two boxing events, one in the morning and one in the afternoon.

Nicaragua is almost exactly the size of New York state.

Divorce cases in England increased from 1267 in 1913 to 5763 in 1919.
